GROWTH

LEADERSHIP

HISTORY OF EXCELLENCE

Advisor autonomy has been a core tenet of our business from the start.

Formed in 1989 through the merger of Linsco and Private Ledger (founded in 1968 and 1973, respectively), LPL was built on the belief that objective financial guidance benefits everyone—and advisors are best able to serve clients when they have access to innovative tools and solutions that work for them. Remaining strong in this conviction, we formed a political action committee to lobby Washington on behalf of advisors and their clients, helping keep the right to objective advice a constant in our industry.

As we continue to grow, we regularly update our service offerings, including new platforms and opinions to ensure advisors, banks, and credit unions have the right tools to meet

your needs. Our continued investments in technology and creating efficiencies have helped us become a leader in the industry and a trusted partner for your advisor.

Today, we provide comprehensive support and a broad range of innovative business solutions to a network of more than 14,000 financial advisors. We’ve built a reputation for customized service and personal attention, and our research and conferences, which provide your advisor with educational and training opportunities, are renowned throughout the financial industry. As we grow and evolve, we remain committed to the philosophy of objective guidance that has propelled our success and will continue to shape our future.

* The account protection applies when an SIPC member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against losses from the rise and fall in the market value of investments.
